## 6-Year Outdoor Fixed Location V-Tag (INF-VT100-E-F6)

Location Tracking System is accomplished by setting up a fixed V-Tag attached to wall, ceiling, fences and posts around the location being monitored. Track and monitor your assets without costly infrastructure. The moveable tags then calculate their own positions based on the signals received from the fixed tags and from other neighboring tags. This Outdoor Fixed V-Tag comes with a 6-year battery life that is replaceable. The size of the outdoor asset V-Tag is 4in x 3in x 1.25in and the weight is 4oz.

---

## V-Tag Smart Gateway (INF-VT100-G)

The V-Tag Smart Gateway attaches to your network via Wi-Fi or ethernet. All mesh network messages are automatically routed to the V-Tag Gateway which passes them up to the software layer. V-Tag Gateway operates with its own power cable but can also utilize POE with an adapter. This Gateway is powered by a 5V micro USB adapter included. The interface protocol is Ethernet or Wi-Fi. The size of the Gateway 4.5in x 3.5in x 1in in and the weight is 4oz.
