

# InfinID Technologies

## V-Tag GPS

# THE INDUSTRY'S MOST COST EFFECTIVE GPS ASSET TRACKING TAG

## V-Tag GPS Asset Tracking Tag & Powerful Yard Management

The V-Tag GPS Asset tracking tag gives you the power to monitor your entire outdoor yard environment. Traditional GPS tags rely on tower or satellite based systems and require a monthly subscription per tag. V-Tag GPS Asset tracking tags simply require each tag to be in range of a Gateway unit within a mile distance. Not requiring a monthly subscription means that V-Tag GPS Asset tags can provide a tangible much faster than competing technologies.

### Advantages:

1. No Monthly subscription cost
2. Ruggedized Design for challenging environments
3. Superior range to supports any yard
4. Easily locate any asset on any map
5. Fastest Return on Investment
6. Simple Custom Software Integration
